

## Where to have lunch during POLAR2018?

The Congress Centre is in the middle of town, and in walking distance to a number of shops and restaurants, which serve lunches or where you can buy sandwiches, drinks, salads and snacks to take away.

Within the congress building, you can eat simple meals at the bistro bar; it will be open during lunch time both for the business meetings and the OSC.

### **Bistro bar at Davos Congress (open for lunch hours, without pre-order)**

Sandwich	7.50 CHF
Soup of the day	7.50 CHF

If you plan to order catering for a meeting that you organize, there is a wide variety of catering options for pre-order at Congress Centre Catering. Be aware that these need to be ordered in advance and be paid in cash (CHF) when served at your meeting; these options are also rather expensive. It is not possible to order catering for the congress centre through other companies. Kindly get in contact with the conference organization for your order.
